COLLEGE INCENTIVE CRITERIA

Those college anglers also competing in non-collegiate events are qualified for all other Quest events, as long as they compete in a qualified Bass Cat boat during the collegiate season, and/or fall within the guidelines for GPA and scholastic hours as a full-time student. Borrowing a boat for a Quest sanctioned event as a singular does not qualify, as listed in the requirements above.

Immediate Post-graduation qualifying events competition is allowed, they are not able to compete in further sanctioned events or compete as Quest members as an open program, unless they own their specific registered boat, this period is past the first semester of the scholastic year post graduation, or nearest post-graduation event date.
